**FINANCE** 

**Allowing You the Freedom to Buy**

- ✓ All credit profiles considered!
- ✓ No application fee!
- ✓ Upload documents with a snap from your phone.
- ✓ Gain access to lender network with one form.
- ✓ Based on your needs, we pinpoint your best offer from the network.

## How it Works

Start the application with a purchase amount in mind. Have documentation such as driver's license, pay stub, and bank routing number handy. The questions you will be asked are designed to pinpoint your unique needs and determine your eligibility for multiple programs

In filling out the application, you will be asked to consent to a credit pull if necessary to confirm eligibility with certain lenders. Once the application is complete, our waterfall goes to work to quickly pre-approve you and match you with a lender from our network. Hold tight for the formal offer from the lender.

Review the terms from your lender match thoroughly before accepting by e-signing. Your merchant will be prompted to submit an invoice to the lender for the final total of the goods. When notification of funding is received from the lender, the merchant can release the the goods to you!
